

Medical Necessity Form - OTC & Dual Use

Instructions: Use this form as a substitute for a doctor's prescription or letter to prove a medical condition or need in order to make over-the-counter medicines and drugs or dual use expenses eligible for reimbursement in your employer's flexible benefits plan. For OTC, the doctor's instructions must comply with state prescription laws. Section 2 must be completed by the prescribing doctor or other licensed practitioner.

Please refer to your enrollment materials or SuperiorUSA's OTC List for a breakdown of eligible, ineligible, and dual use expenses. OTC equipment, supplies, and kits, do not require a prescription, letter, or this Form.

Your employer and SuperiorUSA reserve the right to question the eligibility of treatment in conjunction with IRS regulations. We may ask for additional documentation, whether or not the prescription, letter, or Medical Necessity Form appears valid and complete.
